## What is [Block]?

A simple, unobtrusive at home notification hub

# Motivation

[B]

- At home
- Hands occupied
  - Kneading dough
  - Babysitting
  - Quality time with family
- Limit personal phone use
- Important notifications
- Improves quality of your home experience

LA TITRE ET LE N° DE LA  
MARQUE

# Features

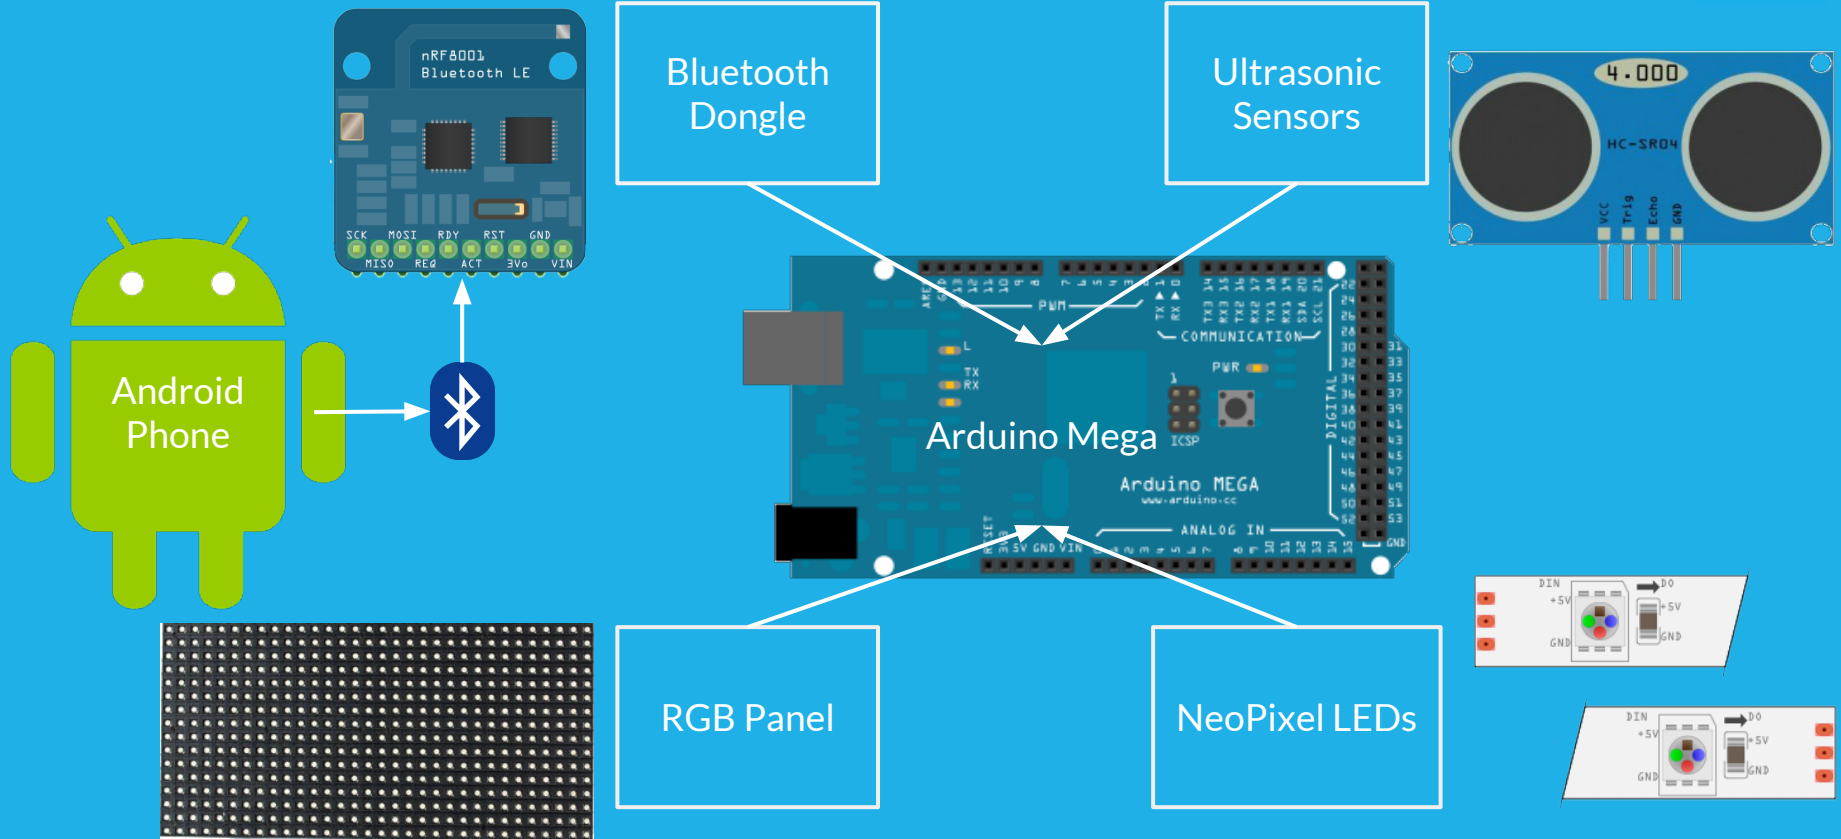

[B]

- Smartphone notification passing
- Bluetooth communications
- Gesture control scrolling
- At a glance display
- Light show

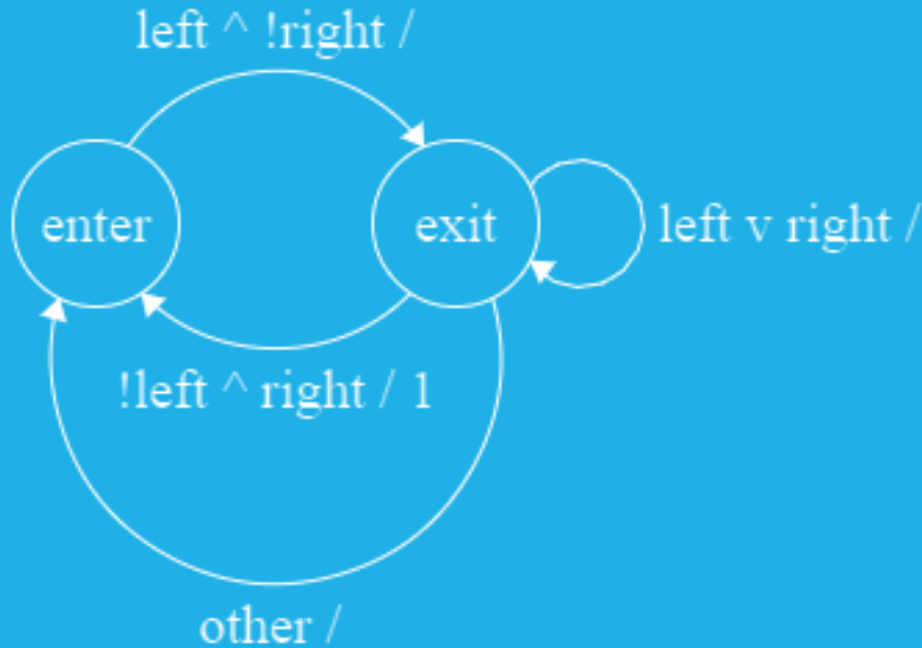

# How does it all work?

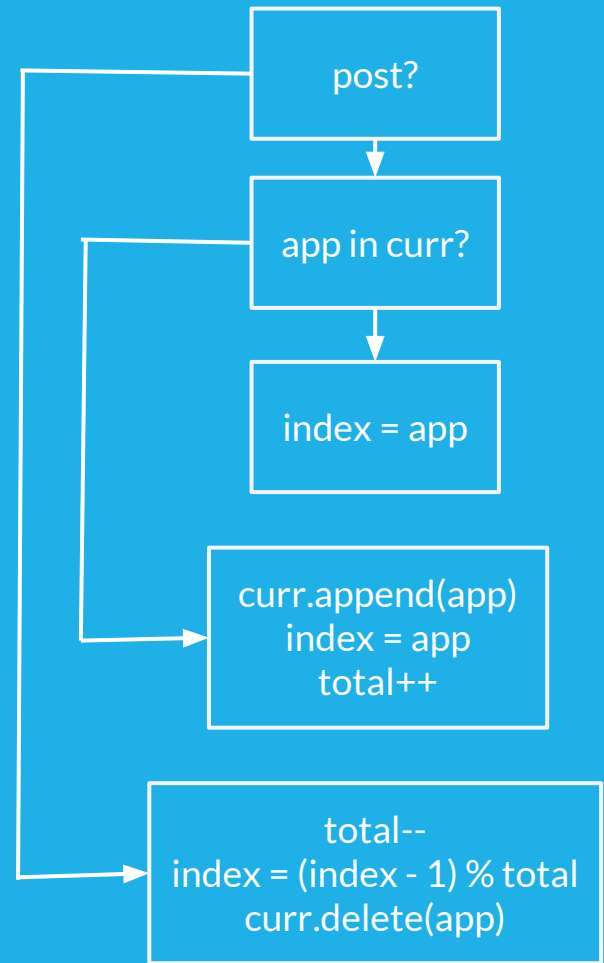

[B]

# State Machines

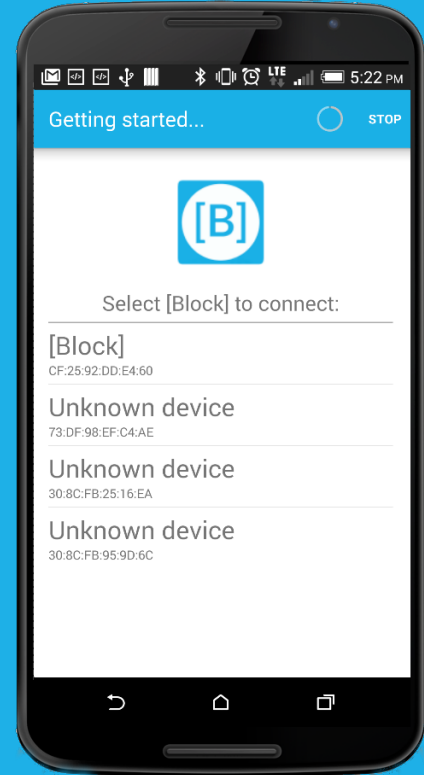

Detecting right swipes

Notification update logic

# Look & Feel

**[Block]**

Demo

# Software Details

- Android

- JodaTime
- NotificationListenerService & Bluetooth LE, targets android API 18 +

- Arduino Libraries

- Adafruit\_NeoPixel.h
- Adafruit\_GFX.h
- RGBmatrixPanel.h
- Adafruit\_BLE\_UART.h

```
#include <Adafruit_NeoPixel.h>
#include <SPI.h>
#include <Adafruit_GFX.h> // Core graphics library
#include <RGBmatrixPanel.h> // Hardware-specific library
#include "Adafruit_BLE_UART.h"
```

# Performance Analysis

	Performance
Notification receive time	~1000ms
Bluetooth connection speed	~200ms
Ultrasonic sensor response time per reading	~20 - 30 ms
Minimum time to recognize gesture	4 readings per gesture = ~80ms
Ultrasonic sensor range	~200 mm

	<b>Performance</b>
<b>Notification receive time</b>	~1000ms
<b>Bluetooth connection speed</b>	~200ms
<b>Ultrasonic sensor response time per reading</b>	~20 - 30 ms
<b>Minimum time to recognize gesture</b>	4 readings per gesture = ~80ms
<b>Ultrasonic sensor range</b>	~200 mm

# Challenges

[B]

- Gesture Control
  - LeapMotion → Ultrasonic
- Not Enough DIO/PWM Pins
  - Uno x3 → BT, LEDs, Ultrasonic
  - Arduino Uno → Arduino Mega
- Insufficient Power Supply
  - USB → Regulated 5V/10A
  - Impacted sensor readings

# Improvements

[B]

## Usability

- PCB for cleaner housing
- Interactive sensors
  - clear notifications
- Informative actuators
  - display notification details
  - audio feedback (read messages)

## Extensions

- Phone calls & Voice commands
- User modes

## Aesthetics

- Color customization
- Improved UI e.g. sliding animations
