Conclusion

- ENORMOUS thanks to **Antonio Iannopolo** (our main GSI) for being with us every step of the way, as well as **Ben Zhang** and **John Finn** for answering any other questions we had.
- We are grateful to professors **Edward Lee** and **Alberto L. Sangiovanni-Vincentelli** for giving us deeper insights into the world of embedded systems, as well as solidifying our understanding of the relationship between modelling, design, and analysis.
